DETAILED ACTION

Receipt of the Information Disclosure Statement on 12/14/05 is acknowledged.

Claims 1-10, 14-36 are pending in the case.

Any rejection of record in the previous action not addressed in this office action is withdrawn.

The following are new rejections necessitated by applicant's amendments to the claims.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-10, 14-36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 21, 22, and by dependence claims 2-10, 14-20, 23-36 are vague and indefinite in its recitation of "both the first and the second pseudotypes lentiviral vector can only express the at least part of the polypeptide-encoding sequence of interest or complementary sequence thereof" since it is not clear what is intended by this phrase. It is not clear whether the phrase "can only express" is intended to mean that "only" and expression activity is intended, as opposed to expression plus some other (unspecified) activity, or whether the "only" refers to expression of the at least part of the polypeptide-

encoding sequence of interest or complementary sequence thereof and no other sequence is expressed. Therefore, it cannot be determined what the intended metes and bounds of the claims are.

Claims 1, 21, 22 and by dependence claims 2-10, 14-20, 23-31, 34-36 are further vague and indefinite in the recitation of "high throughput" since the method does not appear to recite any steps which describes such a process. Multiple samples or libraries, and/or libraries of host cells, are not recited. Therefore, it is not clear what is intended to be encompassed by the claims.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
